Learning Community: We are part of the Bellahouston Learning Community

Our Vision

The vision of PEYC is to nurture and include all children and families with a holistic, welcoming and caring approach. We aim to provide a warm, calm, positive and stimulating environment, where children will develop through play and sensory based experiences adaptable to individual learning needs. We will continue to respond accordingly to the views of our children and families in order to move forward together in our journey to excellence.

Establishment Aims

At Pollokshields Early Years Centre we aim to offer the highest quality service.

- 1. We will provide opportunities for all children to become successful learners, confident individuals, responsible citizens and effective contributors through a balanced curriculum that takes account of their individual needs.
- 2. We will continue to strive towards creating a rich learning environment, which builds on each child's prior experiences, and is informed by careful observation, assessment and recording of children's progress.
- 3. Children will benefit from an environment which guarantees their welfare, and protection and promotes health, hygiene and personal safety.
- 4. Children who experience barriers to their learning will be quickly identified, and we will work in partnership with parents, carers and appropriate agencies, to provide any additional support to individual development and learning.
- 5. There will be a positive, caring ethos throughout the centre which values and respects the contributions of all children, parents and staff.
- 6. We will create effective partnerships with parents, enabling them to participate fully in their child's development and learning.
- 7. There will be opportunities for staff to continue in their professional development enabling them to build on knowledge, skills and expertise.
- 8. We will develop close links with community organisations, and make positive contributions to the life of the community.

Holidays 2022/2023

December - Christmas and New Year

- Schools close at 2.30 pm on Friday, 22 December 2023
- Monday, 25 December 2023 Friday, 5 January 2024 (Christmas holidays)

January

• Schools return on Monday, 8 January 2024

February mid-term break

- Monday, 12 February 2024
- Tuesday, 13 February 2024
- Wednesday, 14 February 2024 (In-service day)

April - Spring Holiday (Easter)

- Schools close at 2.30 pm on Thursday, 28 March 2024
- Good Friday 29 March 2024
- Easter Monday 1 April 2024
- Monday, 1 April Friday, 12 April 2024 (Spring Break)
- Schools return on Monday, 15 April 2024

May

- Thursday, 2 May 2024 (In-service day to coincide with UK Parliamentary elections, but may be subject to change)
- Monday, 6 May 2024 (May Holiday)
- Friday, 24 May 2024 and Monday, 27 May 2024 (May Weekend)

June

• Schools Close at 1.00 pm on Wednesday 26 June 2024

General Information

Non-Denominational Policy of the Nurse	ry Our Policies
INON-Denominational Policy of the Nurse	
The centre is non-denominational. We respe and welcome children and parents of all religions, faiths and beliefs.	Pollokshields Early Years Centre has policies in place so that staff, parents and visitors to our centre are clear on our work practices and our standards. Our policies are written in line with Local Authority guidelines and our self- evaluation tool How Good Is Our Early Learning and Childcare and Realising the Ambition. Please see a member of management if you would like to find out more about this.

3-5 ONLY - 40 AM x 40 PM	0-3 sessions vary between 8.00am & 5.45pm
Additional Hours	Admissions Policy
Our aim is to respond to parental needs, if you re additional hours to support work or further educe please include this information in your application form. This facility means that a child who has a place co accommodated for extra hours over and above his/her funded session. Additional hours within th nursery day and lunchtime provision can be bough provided there are places available. Each hour wil charged and will be invoiced four weekly. An invoid will be sent to you from Glasgow City Council. If you are interested in using this service you sho speak to the Head of Centre.	Aregister of all applicants will be kept by the centre and the information contained in the applications will be considered to assist in the allocation of places.Please note that the length of time a child's name has been on the register will not give priority for

General Information

Enrolment Procedures	What Children Need to Bring
Once your child has been allocated a place in the nursery you will be contacted to arrange a Welcome/Home visit and arrange a start date.	Your children will be given their own peg and bag with their name beside it.
When your child starts nursery, it is important that they are given time to settle into this new environment. This means that a parent, relative or friend must stay with the child until they are familiar	There are shoe racks underneath the pegs where your child can keep their soft shoes/slippers. We encourage children in our under 3 rooms to wear slippers.
with their new surroundings. At first the adult will leave the child for a short time only and be close at hand; then if the child is settling the time will be extended each day until the child can be left for the whole session. You are most welcome to stay with your	Outdoor learning is celebrated within the centre and would ask if your child can be dressed for the Scottish weather, a pair of wellies kept in the centre is advisable.
child at any time or to phone and ask how they are settling. Every child is an individual and some children take	Nursery is about discovering, creating and experimenting and a lot of this entails working with messy materials. Parents are asked to bring their children to nursery in "play clothes" i.e. easily washed,
longer than others to settle. The settling procedure is very important and ensures that your child is happy and secure in the nursery.	sleeves which roll up easily and trousers which allow independence. Even if you come by car always supply outdoor clothes for your children as the "outdoors" is an area of our play.
<u>Attendance/Absence</u>	Insurance
Regular attendance will ensure that your child gains maximum benefit from the nursery. If your child is going to be absent from nursery, we ask you to contact us before 9.30 a.m. on the day of her/his absence by telephone.	Sometimes children like to bring something special or new to nursery for their friends to see. However, parents should ensure that valuable items are not left at nursery, particularly as the authority has no insurance to
In the interest of your child's safety you should make a point of telling the Head of Centre if he or she is to be collected by someone not known to staff members. This avoids difficult situations when a child cannot be allowed to leave with an adult who is a stranger to the staff.	cover the loss of such personal items.
Outings and Consent Forms	Emergency Closure Arrangements

General Information

Emergency Contacts	Snacks, lunches and the promotion of healthy eating in the nursery
Parents whose children are in the nursery are asked where possible to provide the establishment with the names, addresses and telephone numbers of two contacts for use in case of an emergency. You are also asked to keep the nursery up to date with any change in this information.	At each morning and afternoon session the children have a healthy snack including water/milk and fruit. Each child is entitled to lunch whilst at nursery. We post our menus for the week on Seesaw. If your child is on a special diet or if there are any foods which your child should not have please make your child's keyworker aware of this as soon as possible. If your child has a specific allergy/intolerance, we require a doctor's letter confirming this in order for our kitchen to accommodate this. We are a <u>NUT FREE</u> nursery. Under no circumstances should nuts be brought onto the premises. This is to ensure the safety of those who have severe nut allergies.

Medication/Illness

Medication	If Your Child Becomes Ill or Has an Accident		
If your child needs medication during his/her time at nursery you should discuss his/her requirements with your child's keyworker. Prescribed medication will be given at the discretion of the Head of Centre and you will need to fill in a form which authorises nursery staff to administer the drugs to your child.	If a child takes ill or has an accident in the nursery we try to contact the parent or the agreed contact as soon as possible, However, in the event of a serious accident, the child's parents will be informed and arrangements will be made to meet them at the casualty department of the hospital should this be necessary.		
Minor Incidents/Upsets	Visits by Medical Staff		
Minor incidents and upsets in the nursery will be dealt with sympathetically by staff. Depending on the seriousness of the incident, the parent will either be contacted immediately or informed at the end of the session.	Each year vision screening & fluoride varnishing is offered to children in their pre-school year within the nursery. Staff will let you know when this will take place and you will be given a form to complete giving your permission.		
Please keep us informed of any minor incidents at home so that we can provide your child with the appropriate support.	It is very important that full details of your child's medical history are provided when completing enrolment forms.		
Protecting Children			

We have a Child Protection policy in Pollokshields Early Years Centre which is in accordance with Glasgow City Council's Child Protection Guidelines. These guidelines give details as to the action we must take if we are concerned about the welfare of any child.

SECTION THREE: THE NURSERY CURRICULUM

Curriculum for Excellence 3-18

Each child has an enormous capacity for learning and the potential to achieve in different ways.

Curriculum for Excellence applies to all children and young people from their earliest contact with the education system through to the time they leave school as young adults. It applies to the experiences provided in the different places where they go to learn: nurseries; schools; and to colleges and others working in partnership with schools.

Because children learn through all of their experiences - in the family and community, nursery and school - the curriculum needs to recognise and complement the contributions that these experiences can make.

The curriculum reflects what we value as a nation and what we seek for our young people. It is designed to convey knowledge which is considered to be important and to promote the development of values, understanding and capabilities. It is concerned both with what is to be learned and how it is taught. It should enable all of the young people of Scotland to flourish as individuals, reach high levels of achievement, and make valuable contributions to society.

successful learners

- with:
 enthusiasm and motivation for learning
 determination to reach high standards of achievement.
 openness to new thinking and ideas and able to:
 use literacy, communication and numeracy

- use literacy, communication and numeracy skills use technology for learning think creatively and independently learn independently and as part of a group make reasoned evaluations link and apply different kinds of learning in new situations.

confident individuals

- with

 self-respect
 a sense of physical, mental and emotional well-being
 secure values and beliefs
 ambition

- ambition d able to relate to others and manage themselves pursue a healthy and active lifestyle be self-aware develop and communicate their own beliefs and view of the world live as independently as they can assess risk and make informed decisions achieve success in different areas of activity.

To enable all young people to become:

responsible citizens

- respect for others commitment to participate responsibly in political, economic, social and cultural life political, economic, social and cultural life d able to: develop knowledge and understanding of the world and Scotland's place in it understand different beliefs and cultures make informed choices and decisions evaluate environmental, scientific and technological issues develop informed, ethical views of complex issues

effective contributors

- an enterprising attitude
 resilience
 self-reliance

- restinance
 self-resiliance
 and able to:
 communicate in different ways and in different settings
 work in partnership and in teams
 take the initiative and lead
 apply critical thinking in new contexts
 create and develop
 solve problems

Realising the Ambition: 0-3 Curriculum

Realising the Ambition: Being Me builds upon the original principles and philosophy of Pre-Birth to 3 and Building the Ambition. The new guidance retains the relevant content from the previous guidance which it replaces, extending and strengthening it in line with current research and evidence about how children develop and learn.

This refreshed early years national practice guidance for Scotland presents key information about the characteristics of child development based on research and evidence.

Environment

We work hard to ensure our learning environments are inspiring to our staff and children, filled with exciting provocations to promote meaningful learning and to allow our environment to be 'the third teacher.' We have our resources at the children's level to ensure children can selfselect what they want to use. We actively encourage children to be leaders of their own learning and support them in using their autonomy. This incites empowerment in our children and instils confidence in their own abilities as well as a sense of pride and ownership over what they achieve.

<u>Planning</u>

The role of planning in our nursery

In order to support learning and development through play we create a high-quality curriculum for young children which: -

- provides opportunities to play alone, in pairs, in small groups and large groups
- supports independence, making choices and decisions
- is content, rich and relevant
- values and extends children's ways of thinking reasoning and understanding
- helps children to acquire the tools for thinking, learning and playing which enables them to become successful learners
- is culturally diverse and reflects the customs, culture and lifestyles of different ethnic groups
- involves parents in the processes of playing and learning

Our planning consists of a 6-week plan, which is based on children's interests. Staff consult with children in various ways such as voting, observations, learning conversations to ensure each child's plan is relevant and meaningful to them. Children can lead their own learning and choose how they want to extend it with the support from a member of staff. We use an online platform to showcase our children's learning called Seesaw. Seesaw is a fantastic way to display each child's learning journey. Learning is evidenced through photographs, videos, voice recordings, digital drawings and much more.

Supporting Children with Additional Support Needs

Sometimes children need a little help to fully access all areas of the curriculum. Staff will support children through a range of strategies, should your child require further support a range of services can be offered. If it becomes apparent through a concern from yourself or staff observations that your child requires additional support, we would discuss this with you. With your permission, we would refer your child to the appropriate agency for support and advice. You child may then have an Additional Support Plan (ASP) drawn up to meet their individual needs. This process would include input from agencies involved, and also you as parents/carers. You will be kept up to date with the plan regarding the progress being made at each step. Your child will be allocated a keyworker who will liaise with various agencies and record any observations relating to the targets made by other staff and Support for Learning Workers.

Other Documents We Use

SECTION FOUR: PARENTAL PARTNERSHIP

<u>Our Aims:</u>

Our aims are to foster genuine partnership with parents/carers by

- providing information
- encouraging involvement in the life of the centre
- offering support

Working with You:

- helps us to know your child
- enables us to offer an appropriate curriculum
- enables us to support the family when necessary

<u>Parents' Meetings</u>

We have parents' meetings in November and May to give parents an opportunity to discuss their child's progress with a member of staff. These meetings are informal. We emphasise the importance of attending as you will be able to see examples of your child's work.

Fundraising

Parents are encouraged to make a small weekly donation to the nursery toy fund which helps to pay for special activities, outings and celebrations. Accounts are kept for monies collected and are available for inspection at any time. They are subject to external audit each year.

In addition, we have larger fund-raising events throughout the year. We need support to make these events as successful as possible.

Your Views

Your views as parents/carers are very important to us. Let us know what you like about the nursery; what you would like more of; is there anything we need to change.

Home and School Links

Children's learning is a shared responsibility. Due to this, emphasis is given within the centre, to the building of bridges between the nursery and a child's home. Home visits for the under 3's are the start of building partnerships with parents/carers and staff. Daily diaries are also used for the under 3's to share information on how your child's day was. Parents/carers are encouraged to play a significant role in the work of the nursery and suggestions from parents are always welcome.

Newsletter

A newsletter is posted on Seesaw regularly giving information on the activities your children have/will be involved in, sharing information about staff and other events relevant to the nursery/community are also included in the newsletter and on the parent's information board.

Parents' Committee

Parents can be involved in the life of the nursery in a variety of ways: -

- Fundraising
- Joining our Enterprise, Eco or Health Groups
- Helping to establish our garden
- Helping to run our lending library
- Storytelling with the children
- Translating information and newsletters

Please speak to the Head of Centre if you would like to be involved in any of the above groups or if you have an idea you would like to share.

Moving to Primary School:

The curriculum in primary schools will build on what your child has learned before starting school. Play will still be important in Primary 1, but some approaches to learning will gradually change - for example, your child will begin to read and write more independently. Following discussion with you, the nursery will pass on your child's End of Year Report, so that the teacher in Primary 1 can plan the next stages in your child's learning. Pupils normally transfer to primary school between the ages of four and a half and five and a half years. We have close links with the schools in our community. There are typically a number of transitions in the lead up to starting school to help you and your child feel more comfortable with the upcoming change.

SECTION FIVE: THE WIDER COMMUNITY

The nursery and the community:

The centre promotes positive partnership with its community, staff, parents and children are encouraged to use community facilities and we welcome members of the community into the nursery to strengthen community links.

Our partnership within the community:

Throughout the year we are in close contact with:

- Health Visitors
- Bookbug
- Tramway
- The Hidden Gardens
- Forest Kindergarden @ The Quad
- Associated Primary Schools
- Associated Nursery Schools
- Support Services
- Speech and Language Therapists
- Educational Psychologist
- Social Workers

Please feel free to use our parent's notice board to share information on local resources or groups.

Links with primary schools:

The centre maintains close links with our associated Primary Schools through:

- planning continuity of curriculum
- early literacy and numeracy
- transition visits
- cross-sectoral meetings
- exchange of ideas and resources

SECTION SIX: OTHER INFORMATION

Suggestions and complaints:

We are always keen to maintain and improve our service. If you have any suggestions to make about the service, please contact the Head of Centre in the first instance. Similarly, if you have a complaint about any aspect of the service you should contact the Head of Centre. If you feel your complaint has not been satisfactorily resolved with the Head of Centre, please contact:

Executive Director of Education

Donald Hutchison Director of Education City Chambers East 40 John Street Glasgow G1 1JL 0141 287 4551

Alternatively, you could contact:

Social Care and Social Work Improvement Scotland

0141 843 4230 4th Floor 1 Smithills Street Paisley PA1 1EB

Please note, although the information in this handbook is correct at the time of printing there could be changes affecting any of the matters dealt with in it, either before your child's placement begins or during the course of their placement. The Head of Centre will tell you of any important changes to this information.
